OREPAC SERVICES

For more than 45 years, OrePac has strived to be a trusted partner and advisor to the building industry, providing the highest quality of products and solutions for dealers, vendors and contractors. But our commitment to quality doesn't stop after the door is delivered. We know that unexpected problems or repairs can slow down a project or disrupt a household. If something goes wrong, we want to make it right.

A HELPING HAND

That's why we now provide expanded service for all doors fabricated or distributed by OrePac. Whether it's Therma-Tru, Builders Choice or Rogue Valley Door, our certified technicians are ready to provide you and your customers with exceptional service from start to finish. Getting started is simple: just contact your local OrePac sales office when you run into any door issue. We'll dispatch our team, who will work with your customer directly to understand their needs and fix the problem — fast.
