

fiberon® Fire-Rated Decking

Promenade
PVC Decking

- Four-sided capping and next-generation surface coating provide superior weather resistance and durability.
- Features a slip-resistant* surface texture, making it ideal for docks, marinas and other waterside applications.
- A synthetic solid core construction provides protection from cracks, splinters and mold.
- Approved for use in all Wildland Urban Interface (WUI) zones.

Testing method and performance:

- ASTM E84 Class A, FSI 15.
- CA SMF 12-7A-4, BML 8110-2045:0503.
- Approved for use in San Diego County.

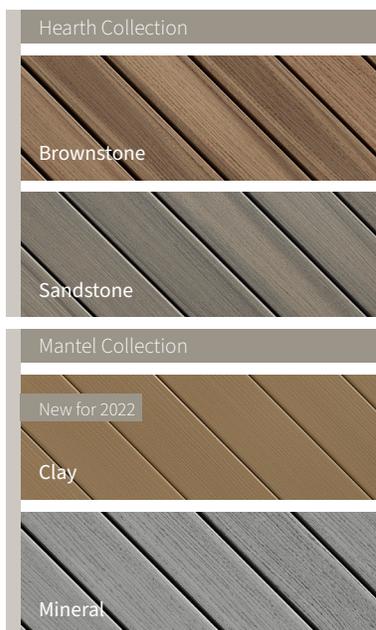

Paramount®
PVC Decking

- The Hearth Collection features two stunning multi-tonal hues – Brownstone and Sandstone.
- The Mantel Collection offers two solid colors that provide a classic look – Clay and Mineral.
- Lightweight, easy-to-handle boards resist moisture, dents and flames.
- Features a slip-resistant* surface texture, making it ideal for docks, marinas, and other waterside applications.
- Approved for use in all Wildland Urban Interface (WUI) zones.

Testing method and performance:

- ASTM E84 Class A, FSI 25.
- CA SMF 12-7A-4, BML 8110-2045:0008.
- Approved for use in San Diego County.

*Based on comparative results from independent testing to ASTM F1679.

fiberon® Fire-Rated Decking

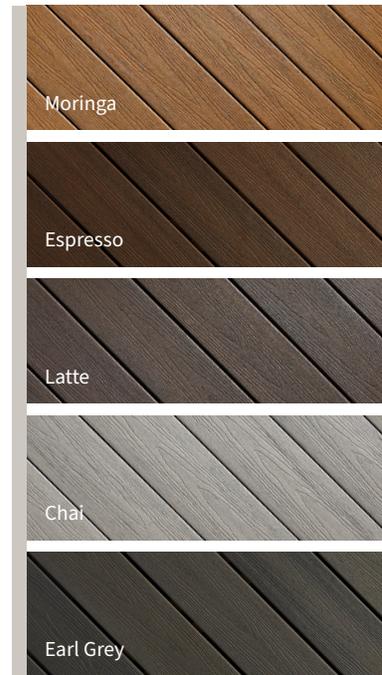

Sanctuary® FR PE Composite Decking

- Multi-tonal colors create a realistic look similar to traditional wood deck boards.
- Three-sided PermaTech® cap layer resists fading.
- Bold, detailed wood grain resists dirt buildup.
- Strong composite construction resists splintering, rotting, cracking, insects and decay.
- Contains 95% recycled content.
- Approved for use in all Wildland Urban Interface (WUI) zones.

Testing method and performance:

- ASTM E84 Class B, FSI 70.
- CA SFM 12-7A-4, BML 8110-2045:0502.

Good Life FR PE Composite Decking

- Escapes Collection features multi-tonal colors that resemble exotic hardwoods.
- Weekender Collection features solid colors for a traditional stained deck look.
- Three-sided cap layer resists staining and fading.
- Durable, long-lasting and priced closer to wood.
- Contains 96% recycled content.
- Approved for use in all Wildland Urban Interface (WUI) zones.

Testing method and performance:

- ASTM E84 Class B, FSI 70.
- CA SFM 12-7A-4, BML 8110-2045:0500.
