Durable
Topcoat

Professional
Application

A handcrafted step-by-step process.

- 1 It starts with the realistic wood grains of a Thermo-Tru door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A wiping stain enhances the base coat while adding dimension to reflect the natural beauty of wood.
- 4 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 5 A second application of the topcoat provides added durability and optimal sheen for a high-end look.

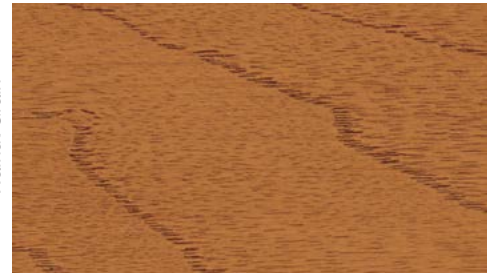

Top: Pulse Ari, Reeded Glass with Flat Lite Frame, Door – FC83XK, Finish – Acorn

Note: See your Thermo-Tru seller for details on the PrismaGuard limited warranty and exclusions.
