Finish Inspiration

THERMA TRU®
DOORS

fabricated by
 **OREPAC**

Finished for lasting beauty.

With an inspirational palette of stain and paint colors, PrismaGuard finish allows you to express your unique style while complementing your home's overall look. A high-end, low-maintenance finish protects your door from everyday wear and tear and is designed for optimal performance with Therma-Tru fiberglass doors. The result is an entryway you'll be proud of for years to come.

Finding the Right Color

Inspiration is all around you. Just like nature's beauty inspired our color palette, the stimulus to pick the perfect shade for your door may be closer than you think.

About OrePac

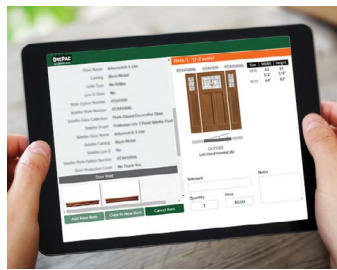

Our History

OrePac is a family-owned and operated business, founded by the Hart family in 1977. Through strong leadership and a commitment to success, the company has grown into one of the premier distributors in the building industry.

Trust, integrity, and a dedication to excellence are the values most important to OrePac. That commitment can be found in the services we offer, the quality of the products we provide, and the way we treat our employees and customers. This dedication to our markets has enabled us to make a positive impact on the shelter industry and the communities we serve.

OrePac Marketplace

At OrePac, our goal is to Make Complicated Simple™. That's why we've created an industry-leading configurator to simplify the door ordering process for our dealers. Talk to your OrePac Sales Representative to find out more about this easy and time-saving tool.

Tested to meet tough expectations.

PrismaGuard premium finish is put through multiple rigorous tests in our engineering labs. This helps ensure that our PrismaGuard finish is built to last, just like the Therma-Tru® doors it was designed for.

Lasting beauty and color.

Using specialized equipment, PrismaGuard stains and paints are tested to help deliver a consistent high-end appearance perfect for wood-grained or smooth door surfaces.

Resistance against wear and tear.

PrismaGuard finish is subjected to a simulation of everyday use to provide a durable high-end, low-maintenance finish that protects the door from normal wear and tear.

Protection from the elements.

Therma-Tru simulates exposure to harsh environments to help verify that PrismaGuard finish coating protects the door from the elements, preserving its color for years to come.

Confidence on the coast.

Therma-Tru simulates a highly corrosive atmosphere to help ensure PrismaGuard finish can withstand the damaging effects of high-salt environments near the coast.

Note: See your Therma-Tru seller for details on the PrismaGuard limited warranty and exclusions.

Durable
Topcoat

Professional
Application

A handcrafted step-by-step process.

- 1 It starts with the realistic wood grains of a Thermo-Tru door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A wiping stain enhances the base coat while adding dimension to reflect the natural beauty of wood.
- 4 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 5 A second application of the topcoat provides added durability and optimal sheen for a high-end look.
