## QUALITY CRAFTSMANSHIP. SUPERIOR PERFORMANCE.

Woodgrain Doors' exquisite collection offers a unique combination of beauty and durability. Built upon our superior, quality craftsmanship, we uphold the industry's highest standard of authentic stile and rail construction. With thousands of door designs, styles and configurations to choose from, you'll find the perfect door to complement your unique style.

### Stile and rail door construction:

## CHOOSE A DOOR TYPE

### BIFOLD DOORS

Woodgrain's bifold doors are crafted with state-of-the-art technology to ensure consistent precision assembly. Bifold doors are ideal for smaller spaces, including closets, laundry rooms and any area where space is at a premium. Bifold doors come with all the necessary hardware for installation.

### CAFÉ DOORS

Woodgrain's café doors admit light and ventilation, and provide minimal privacy. The café doors come as a pair and swings open – in and out – in both directions for easy flow.

### CRAFTSMAN DOORS

Make a memorable first impression with a Woodgrain craftsman door. The collection of exterior doors is built with unsurpassed craftsmanship and extensive design and glass options offering natural warmth and beauty to your home. All craftsman doors are built with true divided lite construction (TDL) and Low E glass, meaning that each pane of glass is a unique piece of glass providing better protection and easier finishing.

### DECORATIVE GLASS DOORS

Customize your home with Woodgrain's interior decorative glass doors. Choose from geometric patterns in a variety of styles and finishes.

### DESIGN COLLECTION PRIMED MDF DOORS

The Woodgrain design collection of medium density fiberboard (MDF) includes infinite options including personalized options with our auto-CAD technology. Available in fire-rated options. California 93120 CARB Compliant for Formaldehyde Phase 2.

### FLAT PANEL DOORS

Woodgrain offers interior flat panel doors in a variety of wood species. Flat panel doors offer crisp lines and provide a versatile look that complements both modern and traditional interiors. Available in fire rated options.

## **LOUVER DOORS**

Woodgrain's louver doors provide a beautifully functioning door with a touch of subtle charm between passageways. Each door is designed to provide privacy and ventilation, and ideal for closets and other spaces that require maximum air circulation. Louver doors are a sensible choice for hallways, closets and storage rooms.

## **PLANK PANEL DOORS**

Woodgrain offers interior and exterior plank panel doors in a variety of wood species. Plank panel doors offer added dimension to complement traditional and contemporary styles.

## **RAISED PANEL DOORS**

Woodgrain offers interior and exterior raised panel doors in a variety of wood species. Raised panel doors offer added dimension to complement traditional and contemporary styles.

## **SASH DOORS**

Woodgrain sash doors include an assortment of handcrafted doors to complement any décor. All sash doors are built with true divided lite construction (TDL), meaning that each pane of glass is a unique piece of glass providing better protection and easier finishing. A variety of interior and exterior designs with numerous light and panel configurations available.

## **SIDELIGHTS**

Woodgrain glass doors also include a variety of sidelights to complement any door. Adding sidelights to either or both sides of your door will increase the impact of your door by inviting natural light into the home at entry or patio doorways. Sidelights are available in insulated or single glazed glass.

## **TRADITIONAL & CONTEMPORARY FRENCH DOORS**

Woodgrain traditional french doors offer an assortment of handcrafted doors to complement any décor. All french glass doors are built with true divided lite construction (TDL), meaning that each pane of glass is a unique piece of glass providing better protection and easier finishing. A variety of interior and exterior design options are available.

## **TRANSOMS**

Woodgrain glass doors include a variety of transoms to complement any door. Adding a transom above your door will extend the height of your door and allow natural light into the home at entry or patio doorways. Transoms are available in insulated or single glazed glass.

## **UTILITY DOORS**

Customize your home with a utility door in Laundry, Pantry or Wine Cellar.
