

# OrePac Mfg. Housing Entry Door Limited Warranty

We warrant our product to be free from defects in material and workmanship that would substantially reduce the appropriate operation or appearance of the door. Defects should be reported when received within 48 hours.

Prehung door warranty is limited to defects of any components of our prehung prefinished entry doors.

Entry Doors on lot models are warranted for one year from the installation date at the factory. All other homes are warranted for a period of one year from the original date of sale to the homeowner.

Dents and damage to doors or frames will not be warranted. Damage noted at delivery time must be noted on the delivery ticket.

Graining on wood jambs is not considered a defect, but rather a characteristic of the natural wood.

Damage to lockset or latch incurred during transit of the home is not a warranty item.

Paint finish on wood prefinished jambs, composite prefinished jambs and Brickmold is warranted for a period of one year against delamination. Weatherization of paint is normal and homeowner is responsible for regular maintenance of painted surfaces on door jambs (As is any other exterior painted surface of the house). Delamination is a separation of paint from the wood and does not include checking or cracking due to natural wood expansion and contraction. Damage to jamb will not convey a paint warranty. OrePac Building Products and its suppliers are not liable for installation, any consequential, incidental, or punitive damages.
